Exodus Housing is a small agency with a big mission. We provide low-income households who are fleeing/attempting to flee domestic violence (DV) assistance with access to permanent housing, monthly rental assistance, and ongoing case management customized supportive services. Our overall goal is to stop the cycle of DV and homelessness by assisting families with housing and case management services that increase their ability to gain independence and retain the housing on their own. We meet this goal by connecting families to private landlords that rent units within the fair market rent guidelines of Pierce County. Families are rapidly housed to include assistance with funds that pay for all the move in costs (first/last month's rent, security deposit, application fee, and utility deposit) and ongoing monthly rental assistance. Our case management services are guided by a progressive and individualized engagement model that is unique to each household served. All families create a long term housing stability plan that helps them increase their ability to be self-sufficient. This plan is a frame of reference for all monthly case management meetings that consists of goal and budget setting. Families are also given connections to referrals and community resources. Rental assistance continues until the household is financially stable to exit the program and retain the housing without any assistance. The average length of stay in our program is approximately 11 months.

Puyallup, WA 98372

## Ways to Help

### Host an Essential Needs Drive

We need your help to convert empty apartments into a functional home. Families often flee and are forced to leave all belongings behind so we collect items for them such as shampoo/conditioner, laundry/dishwasher soap, toothbrushes, toothpaste, toilet paper, towels, dishes, pots/pans etc.

You may also send a donation to Exodus Housing, which will go straight to the families for direct Services and housing costs.

Donations can be sent to (address is confidential)
